

# WELCOME TO THE JUNGLE

EASY TO UNDER-

SELF SUPPORTIVE-

NATURE FRIENDLY-

INTERACTIVE

WATER  
WHEEL UNIT

WATER TAXI STAND

CYCLIST'S TRACK

NATURE VIEWING GALLERY

IN MANY COUNTRIES LARGE FORESTS WERE DESTROYED TO MAKE DAM. THEY SET LONG TERM DISTURBANCE IN LOCAL POLI-  
TICS..... WILDLIFE WAS DESTROYED. WE DID NOT BOTHER ABOUT JUNGLE OR WILDLIFE OR EVEN PEOPLE LIVING IN THOSE  
FORESTS BECAUSE WE ARE GREEDY.....  
NEW TECHNOLOGIES (GREEN TECHNOLOGIES AS WELL) WILL KEEP COMING TO FEED OUR NEVERENDING GREED AND  
HUNGER FOR LUXURY.  
SO WHATEVER WE EXHIBIT HERE... WHAT SHOULD IT TEACH US?  
IT HAS TO CREATE AN ATTITUDE AMONG VISITORS TOWARDS A SIMPLER LIFE... A KID SHOULD LEARN HOW A BIRDS NEST LOOKS  
LIKE BEFORE HE LEARNS TO OPERATE AN IPOD.  
OUR IDEA IS VERY SIMPLE.... WIND OPERATED PUMPS PUMP WATER TO AN OVERHEAD TANK... WATER FROM THE TANK  
RUNS THE WATER WHEEL.... IT GENERATES ENERGY AND THE TAIL RACE OF THE WATER WHEEL CREATES A STREAM.  
WHY IT IS NECESSARY TO MAKE A STREAM?  
ASK A BIRDWATCHER... STREAMS ARE LIKE THE VAIN OF A JUNGLE. IT INITIATES AND KEEPS THE JUNGLE ALIVE. YOU CAN FIND  
MOST OF THE BIRDS NEAR A STREAM. A WATER BODY KEEPS GENERATING AND ATTRACTING LIFE AROUND IT.  
DENMARK IS ONE OF EUROPE'S MOST DEFORESTED COUNTRIES. FOREST LANDS ARE BEING COMPROMISED ALL  
OVER THE WORLD TO SERVE PEOPLE. PEOPLE LIVING IN BIG CITIES ARE THE MAIN CONSUMERS... IF THEY ARE NOT INVOLVED, IF  
THEY ARE NOT CONCERNED... DEFORESTATION CANNOT BE STOPPED, AND WE KNOW THAT THERE IS NO SUCH TECHNOLOGY  
THAT CAN REPLACE FORESTS.  
WE MUST INTRODUCE OUR YOUNGER GENERATIONS WITH NATURE. THEY MUST PHYSICALLY COME IN CONTACT WITH REAL  
WILDERNESS. KIDS WILL MEET BIRDS AND TREES HERE. THEY WILL ALSO LEARN HERE HOW NOT TO DISTURB THE NATURE.  
FIRST STEP TOWARDS SAVING THE NATURE IS TO KNOW IT.  
**THIS SITE WILL EVENTUALLY TURN INTO A WILDLIFE PARK... NO  
MAINTENANCE OF THE PLANTS WILL TURN IT INTO A PIECE OF JUNGLE IN 30  
YEARS. AND YOUNG PEOPLE OF COPENHAGEN WILL MEET NATURE HERE.  
THIS LAND ART WILL DEMONSTRATE VISITORS HOW ENERGY CAN BE  
HARVESTED WITHOUT INTERRUPTING THE NATURE RATHER CREATING A  
SANCTUARY FOR NATURE AS A BYPRODUCT.**
