**Description**  
But what is energy ?  
No one knows exactly.  
A place where ideas are born of powerful , sailing in the minds of men.

The project involves the rearrangement of the area; with a garden animated by strange goblins, a new building ( total area about 1000 square meters ) , instead of this , including the services to users: offices, public spaces , a café and a roof garden. E ' connected with the " square on the sea " supported by four statues ( total area of about 500 square meters ) , where there are many activities : exhibitions, concerts for music, theater and places for meditation  
The four statues make curious visitors and welcome them , take them by the hand to the city.  
Bring them to the open sea , soften the separation and mitigate their thoughts , looking away while only dreams can come , the sea ...

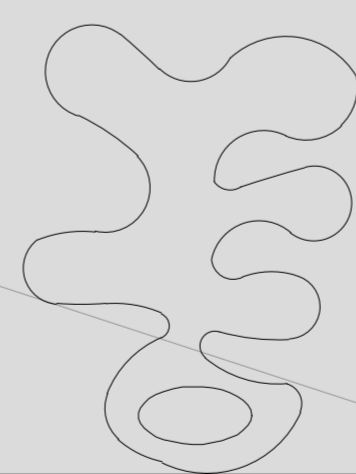

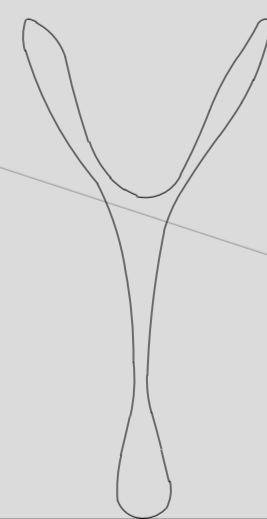

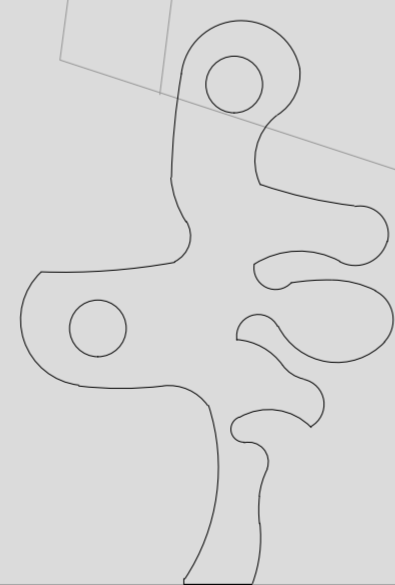

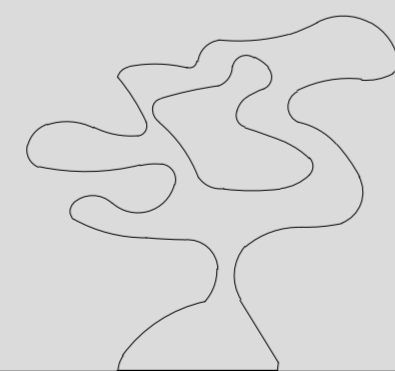

All materials used in the construction are natural, and have a low environmental impact. Wood , glass , metal, stone , ... construction elements used by man for centuries ; that have protected ...
