

OSMOTIC POWER FIELD

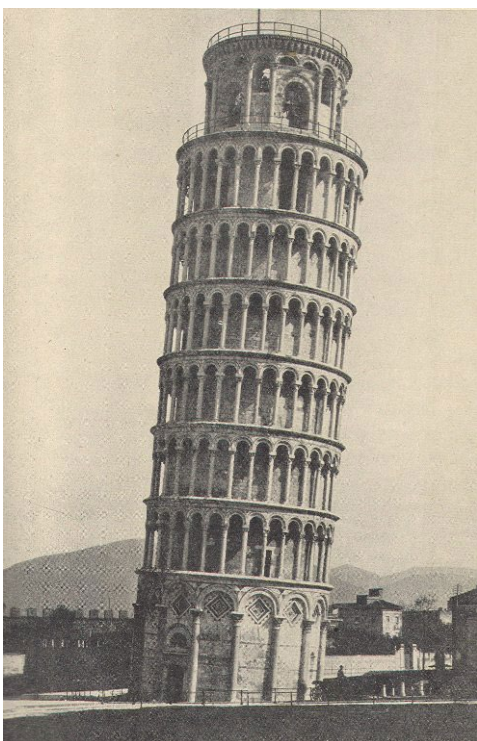

OSMOTIC PROCESSING TOWERS - INSPIRATION AND OSMOTIC ENERGY PRINCIPLES

Design Originally inspired by Archimedes screw as a precedent for moving water within the Polderscapes of Denmark / Netherlands

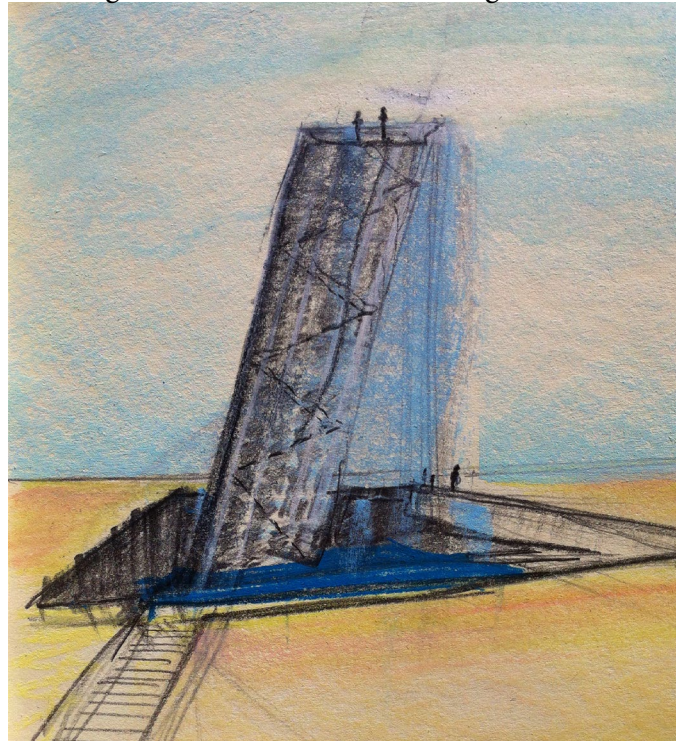

Obvious historic precedents....

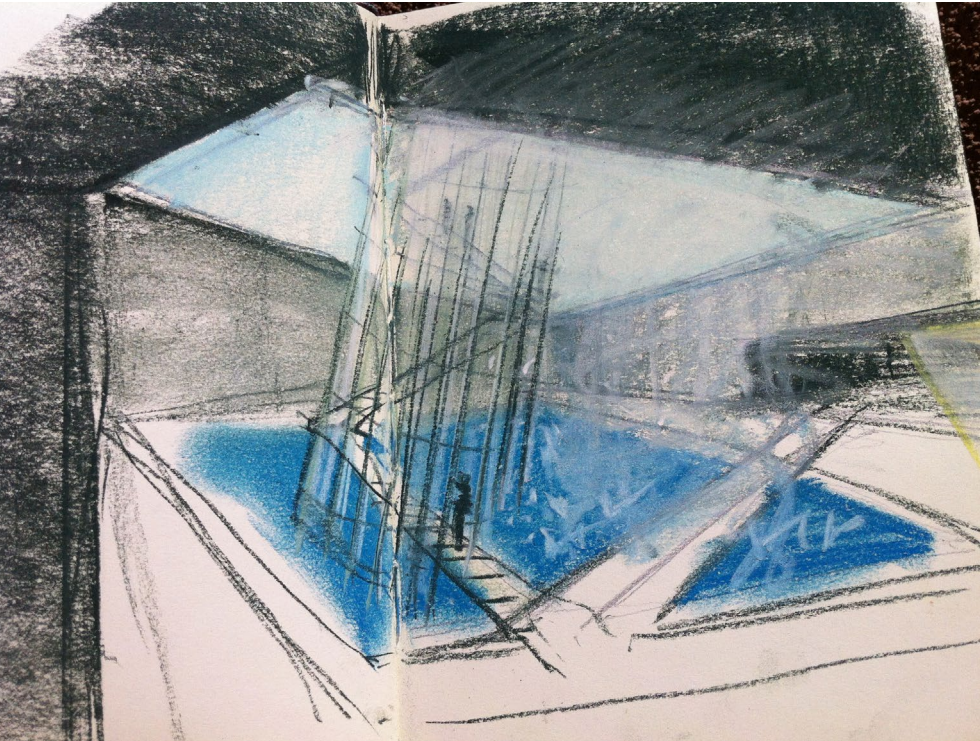

Subvert the current vernacular of industrial towers as symbols of pollution

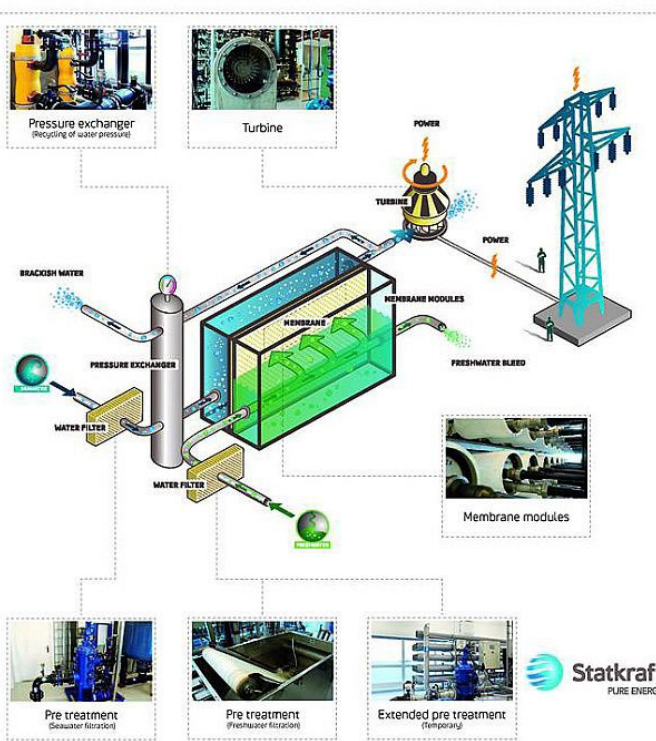

And creates a new clean atmospheric phenomena resulting from the Osmotic Processing tower

With unexpected experiences beneath the plaza.

OSMOTIC POWER PROTOTYPE

Adapting current technology for use in a new way.....
