

*WHEN THE SUN SETS, THE OTHER SUN RISES..*

'SUNNY SIDE UP' CONTINUES TO EMIT LIGHT AND HEAT DURING NIGHT TIME WITH CONSTANT SUPPLY OF GEOTHERMAL ENERGY, PROVIDING A THERMAL COMFORT TO A NEW PUBLIC SPACE. THE SCULPTURE ALLOWS COMMUNAL ACTIVITIES TO CONTINUE TOWARD NIGHT TIME, WHICH IS NORMALLY PROHIBITED BY SEVERE WEATHER CONDITION IN WINTER.

SPECTATORS APPROACHES THE SITE OVER A BUILT UP LANDSCAPE WHICH ALLOWS FOR CLOSE CONTACT WITH THE HEAT EMITTING BALLON, THE 'SUN'. 'SUNNY SIDE UP' PROVIDES AN UNPRECEDENTAL DIRECT CONTACT TO A CONSTANT HEAT SOURCE MUCH NEEDED FOR THE WINTER CLIMATE.
